Guaranteed 5D \$48, 875 Guaranteed Payout!

“How’s this darn race work?”

First off, we will be paying out \$48,875 to 5 divisions. Guaranteed! It doesn’t matter how many entries we get, that’s what we’re paying.

The race is divided up into 5 sessions (2 on Friday, 2 on Saturday, and 1 on Sunday). A racer can enter one horse in up to 5 sessions for \$75 a run but most people are taking advantage of our show special: enter the same horse in 1 Friday session and 1 Saturday session and your Sunday run is free. (That’s 3 runs for \$150!)

Let’s say you enter the Friday night, Saturday morning, and Sunday sessions. On Friday, you smoke out a 17.203, on Saturday, a 17.536, and on Sunday, you knock down a barrel ☺ That’s OK, you’ve got 2 good runs and both will count when the big race is over after the Sunday session. Yes, you’ll have 3 results on one horse in this race.

The payout will be calculated and paid on Sunday afternoon after session 5 is over. Results from the 5 sessions are combined. The fastest time wins the 1D. The chart at right shows the dollar amounts that will be paid. 20 checks per division. Plus awards to 1st through 5th place in each division (including Circle Y saddles to first in each division). Pick-a-prices will be given to 6th through 20th place in each division.

Let’s say the fastest time all weekend is 16.702—that winner of the 1D takes home a \$4000 check. Now add ½ second to that and, look, your 17.203 won the 2D! \$3000 big ones! ! Your Saturday time (17.536) lands you in 63rd place in the 2D but if you were a little slower, you could have pulled a 3D check for that run.

Now, maybe you’re thinking you can’t stand the thought of not getting day money for each run. Well, enter some side pots; they’re paid after each session. We’ve got 5 sidepots (times carry from your Open run) available with each session. The most interesting one (and best deal) is the \$500-added Open Sidepot. It’s like entering a \$500-added race for just \$35! (and you don’t even have to run again)

Finally, maybe you’re asking why we use this format. Here’s why: we can offer a huge, guaranteed payout with a low entry fee. Where else can you win a \$4000 check with a \$75 entry fee? Oh, don’t forget the great awards!
